

**Use of Images (photographs, video, web)
Students aged over 18 years**

Consent form - academic year 2010/2011

In accordance with Dudley Safeguarding Children Board and Dudley Children’s Trust guidelines, photographs, videos or other images of adults should not be taken without individual consent. Where photographs are taken of vulnerable adults, consent will be obtained from their carer (where appropriate).

Photographs and digital film recording

Within college and the Students’ Union we use photographs and digital film for a number of reasons. The main purpose is to celebrate the success of students. Photographs and film are used on display boards, plasma screens, on the college/Students’ Union website, in the college prospectus, Students’ Union marketing materials and in the local press.

Your identification will not be disclosed unless the photograph is used to celebrate individual success. We will always take great care to only show photographs if we feel the medium is appropriate.

We would therefore like to ask for your general consent to use photographs and film in the following ways:

- College and Students’ Union website. National guidance recommends young people should not be named on a website alongside their image.
- Displays within the college.
- External exhibitions.
- Press articles.

If you need clarification or are concerned about the use of your photograph please contact your Head of Centre/course tutor/Students’ Union staff.

- I agree to my photograph being used as outlined above.**
- I do not agree to my photograph being used as outlined above.**
- I do not give consent for to be named alongside my image.**

Consent is for the academic year as stated above. However, you do have the right to withdraw consent at any time by writing to the Students’ Union staff/Course Tutor.
